FOR IMMEDIATE RELEASE

DATABRACKETS SET TO EMPOWER FINTECH STARTUPS AT THE SINGAPORE FINTECH FESTIVAL 2023

Cary, Nov 6, 2023

databrackets, a leading global cybersecurity and compliance solutions provider, is thrilled to announce its participation in the Singapore Fintech Festival 2023. This prestigious event marks a significant milestone in our commitment to enhancing the global presence of fintech startups by providing cutting-edge cybersecurity and compliance services.

databrackets recognizes the challenges that fintech startups face in today's digital landscape, where cybersecurity threats and regulatory compliance are paramount concerns. As a trusted partner, databrackets is dedicated to empowering these startups by offering comprehensive cybersecurity and compliance solutions tailored to their specific needs.

At databrackets, we understand that the success of fintech startups depends on their ability to navigate complex regulatory environments while safeguarding sensitive financial data. Our participation in the Singapore Fintech Festival 2023 is a testament to our commitment to support these startups on their journey to global recognition and success.

At databrackets, we offer a comprehensive suite of services, including ISO 27001 certification, SOC 2 Readiness & Examination, Compliance with Global Cybersecurity Standards, Ransomware Prevention, Security Tech Consulting, and much more. Our services are designed to bolster your cybersecurity defenses and streamline your path to compliance and certifications.

Our team of experts will be on hand at Booth 4E39 at the Singapore Fintech Festival 2023 to provide insights, answer your questions, and discuss effective security controls for your organization. Don't miss this opportunity to connect with us and learn how databrackets can help you navigate the complex world of cybersecurity, certifications and regulatory compliance.
