

## Taiwan's Fintech Shines in Singapore! FinTechSpace Once Again Leads a Delegation to 2024 Singapore FinTech Festival

To enhance the integration of Taiwan's fintech industry with international markets, guided by the Financial Supervisory Commission (FSC) and organized by the Taiwan Financial Services Roundtable (TFSR), FinTechSpace, Taiwan's first one-stop fintech innovation accelerator, is leading a Taiwan fintech delegation to the largest fintech event in the world - Singapore FinTech Festival for the sixth consecutive year.. The delegation this year is particularly noteworthy, featuring 11 selected fintech companies and 11 financial institutions, totaling nearly 70 representatives. FinTechSpace will hold a "Meet Taiwan FinTech Ecosystem" event for our delegation to showcase Taiwan's innovative capabilities and invite experts from Japan and Bahrain to exchange in Taiwan Pavilion.

### Highlighting Diverse Competitive Advantages and Fostering Opportunities for International Collaboration

In response to global fintech trends, the Taiwan Pavilion (Booth No. 5K23) will focus on AI technology applications and fraud prevention this year. 11 Taiwanese fintech companies from various sectors will showcase their innovative technologies and solutions in a rotating format, organized into five categories and three major international presentations. This approach aims to create business opportunities and accelerate alignment with the global market. (Registration link : <https://tally.so/r/wb8jpL>). The categories include:

- **RegTech:** Authme Co., Ltd., HiTRUST Inc., ThinkCloud Technology Co., Ltd., and TOPPAN IDGATE Co., Ltd.
- **InsurTech:** Lydia AI and YunTan Technology
- **Wealth Management:** Alpha Fintech and TradingValley
- **Enterprise Solutions:** LIGHT MOMENTUM TECHNOLOGY CORP. and OneDegree Global
- **Integration Platform:** On-us Co., Ltd.

FinTechSpace is committed to advancing Taiwan's fintech industry and strengthening global connections. So far FinTechSpace has signed Memorandums of Understanding (MOUs) with 16 fintech institutions across 12 countries. At the exhibition this year, FinTechSpace will hold two international exchanges events with Japan and Bahrain, supporting Taiwanese fintech companies in expanding into Southeast Asian and Middle Eastern markets and fostering deeper international collaboration.

- **Taiwan-Japan International Panel: Current Applications of Fintech and Future Prospects (11/7):** Hosted by Takeshi Kito, co-founder and CEO of Elevandi Japan, this panel features representatives from major Taiwanese financial institutions, including Cathay United Bank, Hua Nan Commercial Bank, and KGI Financial Holding. The discussion will cover opportunities and challenges in entering Taiwan market and collaborating with Taiwanese financial institutions.
- **Explore Middle East: New Opportunities & Markets (11/8):** Fatima Almubbad, Heading Bahrain Economic Development Board (Singapore and Southeast Asia), will share the latest fintech trends in Bahrain. This session will offer real-time dialogue opportunities to explore potential avenues for Taiwanese companies to enter the Middle Eastern digital finance network.

### **Cultivating Fintech Talent to Strengthen International Competitiveness**

Taiwan not only possesses mature R&D capabilities and government policy support but also serves as a significant hub for international companies entering the Asia-Pacific market. We look forward to attracting more global companies and innovative solutions to Taiwan, working together to explore future business opportunities and foster innovation in Taiwan's fintech industry.

### **About 2024 Singapore FinTech Festival**

Singapore FinTech Festival (SFF) is the largest fintech event around the world organized by the Monetary Authority of Singapore (MAS). In 2024, the festival celebrates its ninth edition, attracting exhibitors and visitors from over 140 countries and regions. The theme highlights this year the transformative potential of artificial intelligence (AI) and quantum computing in reshaping financial services. The focus is on creating policies that promote an environment conducive to AI-driven finance and responsible fintech ecosystems. Additionally, the festival explores fintech's role in advancing sustainable finance. For detailed information, please refer to the event link: <https://www.fintechfestival.sg/>

### **About FinTechSpace**

Established under the guidance of the Financial Supervisory Commission of Taiwan (FSC) and supported by the Taiwan Financial Services Roundtable, FinTechSpace was funded in 2018. Standing as a fintech hub, FinTechSpace has created a physical space and provided comprehensive support that brings together the entire fintech community, and acts as a vital link between Taiwan's fintech

industry and the global market. For the latest updates and information, please refer to the FTS website link: <https://www.fintechspace.com.tw/en>
